JDRF is the world’s largest private funder of type 1 diabetes (T1D) research. JDRF has contributed more than $2.2B to T1D research and is currently funding more than 70 human clinical trials of potential T1D therapies. JDRF’s goal is to progressively remove the impact of the disease from people’s lives until we achieve a world without type 1 diabetes.

The outlook has never been better. JDRF has changed the way those with T1D live. And you’re the reason for our success. Every dollar we put toward research comes from donations.

Each year, the JDRF annual Galas bring people together to celebrate the tenacity and courage displayed by the T1D community, while raising critical funds for research. Although we cannot be together in person this year, we can still come together to show the world that we remain unstoppable in our fight to find a cure.

Under the leadership of event chairs, Leslie Bercovitz, Julie Hellmers & Kevin Wehrenberg, the 2021 One Night celebration will honor and celebrate Paul Vaden for his numerous contributions to the T1D community.
