JDRF One Society Lifetime Members	27
\$1,000,000 and Above	27

Thank you to all of our 2020 JDRF Heroes.

In a year that was fraught with uncertainties, challenges, and more disruptions than most of us had ever experienced, the JDRF donor community banded together in ways that were nothing short of heroic. The continued dedication and drive of our most committed supporters—those honored in this publication—allowed JDRF to continue to drive discoveries in the Type 1 Diabetes (T1D) research and development pipeline. Thanks to these donor heroes, we were able to advance our work in disease-modifying therapies, beta cell therapies, and screening, even in the midst of a global pandemic. As added recognition of the generosity of these heroes, we welcome all donors listed here as founding members of JDRF’s new recognition program, One Society. 2020 may have presented us with numerous trials, but the T1D community is uniquely positioned to face adversity with courage, resilience, and strength. Our shared hope for a world without T1D brought us together and will keep us strong.

JDRF Donor Heroes are truly stronger, together.

Major Donors and Partners

The list below reflects all new gifts of \$25,000 and above received from our generous individual donors in 2020.

JDRF T1D Fund

Formed in 2016 by a group of JDRF volunteers eager to address the challenge of low private investment in T1D cure therapies, the T1D Fund is a venture philanthropy fund that has transformed the fight to cure T1D by using donor funds to invest in companies with T1D programs with the purpose of attracting private venture capital to T1D. As of March 2021, the Fund has invested over \$69 million in 27 exciting companies that are committed to developing and commercializing T1D therapies and more than 30 venture capital firms have invested another \$435 million in alongside dollars in T1D programs.

The Fund's early success has created an expanded, powerful movement to cure this disease, now joined by leaders of the life sciences industry with the experience, capital and commercial networks to deliver products to patients. The Fund goes above and beyond investing money. We also support our companies' T1D programs after our initial investment through the expertise and network of JDRF and the Helmsley Charitable Trust. These partners support our diligence and inform our scientific and regulatory perspectives in a commercial context. The Fund further magnifies its donors' gifts by redeploying all financial returns from successful investments. Donors to the JDRF T1D Fund commit at least \$500,000.
