**JDRF One Society Sapphire Members**  
29
Together we are focused on One Cause. One Dream. One Goal.

While 2021 continued to be fraught with uncertainties and challenges, it was also a year of remarkable scientific progress in our world and at JDRF. As a One Society Member, you have been our driving force and our main accelerator. Each and every name in this publication represents a person or organization that is truly helping JDRF advance our work. Your contributions have helped us fund research, advocate for government funding and regulatory approval, advance clinical trials, and educate our broader community, all of which leads to better outcomes for our loved ones with T1D. Better outcomes now lead to a better chance our shared hope for a world without T1D will be realized. 2021 showed us how quickly scientific research can progress when we are in it together. Thank you for joining us in this important work.

YOU are our driving force and YOU are moving us closer to life-changing breakthroughs to cure T1D and improve lives.
**Major Donors and Partners**

The list below reflects cumulative giving of $25,000 and above received from our generous individual donors in 2021.

JDRF T1D Fund

Formed in 2016 by a group of JDRF volunteers eager to address the challenge of low private investment in T1D cure therapies, the T1D Fund is a venture philanthropy fund that has transformed the fight to cure T1D by using donor funds to invest in companies with T1D programs with the purpose of attracting private venture capital to T1D. As of March 2022, the Fund has invested over $78 million in 26 exciting companies that are committed to developing and commercializing T1D therapies and more than 30 venture capital firms have invested another $570 million in alongside dollars in T1D programs.

Our early success has created an expanded, powerful movement to cure this disease, now joined by leaders of the life sciences industry with the experience, capital and commercial networks to deliver products to patients. The Fund goes above and beyond investing money. We also support our companies’ T1D programs after our initial investment through the expertise and network of JDRF and the Helmsley Charitable Trust. These partners support our diligence and inform our scientific and regulatory perspectives in a commercial context. We redeploy our financial returns from our successful investments into our mission, further magnifying our donors’ gifts.
